Product Description

Get your extra or replacement Mul-T-Lock MTL300 keys cut to code by an official, authorised Mul-T-Lock dealer. We use only genuine Mul-T-Lock MTL300 key blanks to guarantee the highest quality, precision, and smooth operation with your existing MTL300 cylinders.

How to Order

To order, simply enter the unique security code from your registration card into the box provided. The code format typically consists of four numbers, followed by the letter 'D', and then two numbers (for example: **1234D56**).

Once you have completed your purchase, please email us a clear photo of your security code card. For security and accuracy, we can only cut these patented keys upon receipt of a valid code card image.

Technical Specifications

- **Brand:** Mul-T-Lock
- **Key Profile:** MTL300
- **Code Format:** 4 numbers, followed by 'D', then 2 numbers (e.g. 1234D56)
- **Blank Type:** Genuine Mul-T-Lock MTL300 blanks
- **Verification Requirement:** Photo of the security code card required via email

Key Features

- **Official Dealer:** Cut by an authorised Mul-T-Lock dealer for guaranteed precision and reliability.
- **Genuine Blanks:** Cut using original Mul-T-Lock MTL300 key blanks to ensure perfect compatibility and smooth operation.
- **Secure Ordering:** Patented key copy control requires a photo of your security card to prevent unauthorised duplication.
- **Easy Code Entry:** Simply enter your card's code online for a hassle-free ordering process.

Brand Profile

Multlock

Mul-T-Lock (sometimes typed “Multlock”) is an Israeli high-security locking brand best known for **high-security cylinders, patented key systems, and mechanical + electromechanical access solutions** aimed at locksmiths, institutions, and commercial sites where key control and attack resistance actually matter.

- **Founded: 1973** in Israel (Mul-T-Lock states “founded in Israel in 1973”).
- **Ownership: Fully owned by ASSA ABLOY**; ASSA ABLOY completed the acquisition on **31 Jan 2000** (consolidated from 1 Feb 2000).

What it’s known for (the “why you’d stock it” bit)

- **High-security mechanical cylinders & keys** with strong key-control stories (patented platforms, restricted profiles, etc.).
- **Electromechanical upgrades** (turning “just a cylinder” into managed access) alongside classic mechanical master-keying for bigger sites.
- A big “locksmith channel” identity: Mul-T-Lock explicitly positions itself as a **locksmiths’ preferred partner**, with authorised centres and support tooling.

Tiny lore nugget

Their early growth story is tied to a “multi-directional / four-way” locking concept that helped launch the brand internationally, and later expansion into more advanced cylinder platforms.
