Specification Summary

Brand	Squire
Product type	Sliding Shackle

Product Description

The Squire CBW85 is an 85mm high-security sliding shackle padlock designed specifically to meet the robust security requirements of roller shutters, vans, and storage units. This hard-wearing padlock features a solid brass lock body and a rotating hardened steel shackle, which provides exceptional resistance against bolt-cutter attacks and sawing.

Equipped with a highly secure, recodable 5-wheel combination mechanism, it offers up to 100,000 possible combinations, eliminating the need for keys.

This padlock is available in multiple configurations to suit your preferences. Please choose from the options below to select your preferred combination specification (5 Digit or 100,000+), packaging (Boxed or Visi), weight (560g or 740g), barcode (5012245008654 or 5012245040333), and manufacturer reference (CBW85 or CBW85 BX).

Technical Specifications

- **Body Width:** 83mm
- **Body Depth:** 19mm
- **Body Finish:** Brass
- **Shackle Diameter:** 12.7mm
- **Shackle Finish:** Hardened Steel
- **Horizontal Clearance:** 37mm
- **Vertical Clearance:** 17mm
- **Mechanism:** Combination (5 Wheel)
- **Differs:** 100,000
- **Pack Quantity:** 1
- **Manufacturer Reference:** CBW85 or CBW85 BX (please select from the options below)
- **Packaging:** Boxed or Visi (please select from the options below)
- **Weight:** 560g or 740g (please select from the options below)
- **Combination:** 5 Digit or 100,000+ (please select from the options below)
- **Barcode:** 5012245008654 or 5012245040333 (please select from the options below)

Key Features

- **High Security:** Purpose-made sliding shackle design ideal for roller shutters, vans, and storage units.
- **Hardened Steel Shackle:** Rotating shackle provides superior resistance against bolt-cutter and sawing attacks.
- **Solid Brass Body:** Durable, hard-wearing construction designed to withstand harsh environments.
- **Keyless Convenience:** 5-wheel recodable combination mechanism offering 100,000 possible codes.
- **Versatile Options:** Available in multiple packaging, weight, and combination options to suit your needs (please select below).

Brand Profile

Squire

Squire (formally **Henry Squire & Sons Ltd**) is one of the UK’s oldest lockmakers — a heritage brand best known for **serious padlocks and chain security**, especially in the motorcycle, commercial, and site-security world. Squire’s own history traces the business back to **1780**, when **William Squire** began making locks in **Willenhall** (the Black Country’s lockmaking capital). They even supplied locks to the **British Army during the Napoleonic Wars**, which is a wildly specific flex that basically translates to: “we’ve been thinking about forced entry since muskets were a performance upgrade.”

Operationally, the trading entity behind the brand is **Henry Squire & Sons Limited**.

What Squire is known for

Squire’s modern identity is anchored in **high-security padlocks** and matching **hardened chains / accessories**, with the flagship line being **Stronghold®**. Their own “About” page calls out products like the **Stronghold SS100cs** as an ultra-high-security production padlock (Squire describe it as the world’s strongest production padlock — not subtle, but neither is a 1kg lump of hardened steel).

A good example of how the brand positions itself in real-world standards:

- The **Squire SS65CS Stronghold** is independently listed by **Sold Secure** with **CEN Grade 6** and a **Powered Cycle Gold** rating, alongside features like hardened components and weather resistance.
