Product type Accessory

Product Description

The Trimec ES110 Series Release Extension Lip is a press-fit accessory designed to extend the strike plate area on Trimec ES110 series electric releases. This extension lip is ideal for installations involving thicker door frames, ensuring a smooth and reliable latching operation by extending the reach of the electric strike.

Available in multiple sizes, this product allows you to adjust the total release width depending on your installation requirements. Please choose from the available options below to select the correct width, weight, and manufacturer reference for your project.

Release Width Dimensions:

- **Without Lip:** 43mm
- **With 25mm Lip:** 68mm
- **With 50mm Lip:** 93mm

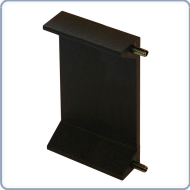

Technical Specifications

- **Compatible Series:** Trimec ES110 Series
- **Available Widths:** 25mm or 50mm (please choose from the options below)
- **Manufacturer References:** EX1125 or EX1150 (please choose from the options below)
- **Weights:** 40g or 80g (please choose from the options below)
- **Fitting Type:** Press-fit
- **Pack Quantity:** 1

Key Features

- **Thicker Frame Accommodation:** Extends the strike plate area to easily accommodate deeper or thicker door frames.
- **Easy Installation:** Features a simple press-fit design for quick and secure attachment to the electric strike.
- **Flexible Sizing:** Available in multiple width options to achieve the exact release width required for your setup.
- **Genuine Trimec Accessory:** Designed specifically for seamless compatibility with the ES110 series electric releases.
