Specification Summary

Brand TrioVing

Product type TrioVing Shop

Product Description

The TrioVing 5336/8 is a high-quality, latch-only lockcase designed specifically for demanding environments. Constructed from durable stainless steel, this mechanical lockcase is highly resistant to corrosion, making it a popular choice for marine vessels, offshore oil platforms, and other heavy-duty industrial applications.

As a latch-only lockcase, the 5336/8 features a latch bolt with no deadbolt, making it ideal for passage doors where secure locking is not required but reliable latching is essential. It is designed to accommodate standard 8mm square spindles.

This lockcase is available in both left-hand and right-hand configurations to suit your door's opening direction. Please consult the handing chart to determine the correct orientation for your needs, and select your required handing from the options below.

Technical Specifications

- **Brand:** TrioVing
- **Backset:** 55mm
- **Lockcase Height:** 150mm
- **Lockcase Length:** 80mm

- **Lockcase Thickness:** 16mm
- **Finish:** Stainless Steel
- **Handing:** Left Hand or Right Hand (please select from the options below)
- **Weight:** 596g
- **Spindle Size:** Suitable for 8mm x 8mm square spindles

Key Features

- **Latch-Only Design:** Ideal for passage doors requiring reliable latching without a deadbolt mechanism.
- **Marine-Grade Durability:** High-grade stainless steel construction, perfect for marine, offshore, and oil industry environments.
- **Handing Options:** Available in both left-hand and right-hand versions to match your door configuration.
- **Heavy-Duty Construction:** Built to withstand heavy use in harsh, corrosive conditions.

Brand Profile

TrioVing

TrioVing is a Norwegian lock and door-hardware brand with deep roots in Scandinavia's "make it survive winter and humans" engineering tradition. The modern TrioVing name comes from a series of mergers in Norway's lock industry: **TRIO** was formed in **1904** by the merger of three lock/fittings companies, **VING** formed in **1950**, and the two combined in **1971** to create **TrioVing A/S**, which became Norway's leading lock company.

In **1983**, Finland's **Abloy** entered the Norwegian market by acquiring **TrioVing's Locks and Security** (along with VingCard's hotel security business), pulling TrioVing into the broader Nordic consolidation story that eventually became ASSA ABLOY.

What TrioVing is especially known for today is robust, **Scandinavian-style lockcases and hardware**—including **stainless steel mortice lockcases** that show up in **high-end Scandinavian doors** and **marine applications**, where corrosion resistance isn't a "nice to have," it's the entire point.
