Specification Summary

Brand	Union
-------	-------

Product type	Half Oval
--------------	-----------

Product Description

The UNION 2x1 5-pin oval half cylinder is a reliable, high-quality single cylinder designed for use with UK oval profile mortice locks. Manufactured by Union, a trusted name in architectural hardware, this cylinder is ideal for residential and commercial applications where key access is only required from one side of the door.

This cylinder is available in a choice of finishes, including Satin Chrome and Polished Lacquered Brass, to match your existing door hardware. It also comes in multiple sizes and keying options, including Keyed Alike (where multiple cylinders operate using the same key) and Keyed to Differ. Please select your preferred size, finish, and keying options from the dropdown menus below.

Each cylinder is supplied with three nickel-plated steel keys as standard and is backed by a 5-year manufacturer's guarantee for peace of mind. Additionally, it has been EN 1634-1:2000 assessed for use on 60-minute timber fire doors, making it a versatile choice for fire-rated installations.

Technical Specifications

- **Brand:** Union
- **Cylinder Profile:** Oval
- **Cylinder Type:** Half Oval (Single)
- **Mechanism:** 5 Pin
- **Overall Length:** 40mm or 44mm/45mm (please choose from the options below)

Brand Profile

Union

ASSA ABLOY

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
