## Product Description

The UNION 2X6 Oval Double Cylinder is a traditional 5-pin security cylinder designed for use with UK oval profile lock cases. It offers convenient key access from both sides of the door, making it ideal for standard residential and commercial locking applications.

This versatile cylinder is available in a range of overall body lengths from 65mm up to 83mm, with individual side measurements (A and B sides) ranging from 32.5mm to 41.5mm. To suit your door's aesthetic, you can choose between two high-quality finishes: Polished Lacquered Brass or Satin Chrome.

Additionally, we offer multiple keying options to fit your security setup. Choose from Keyed to Differ (each lock has its own unique keys), Keyed Alike (multiple locks operated by the same key), or Master Keyed options. Please select your preferred size, finish, and keying configuration from the options below.

Each cylinder is supplied with 3 keys as standard, and we provide professional in-house key cutting services if you require extra keys.

## Brand Profile

Union

**ASSA ABLOY**

**UNION** is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

### What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
