## Product Description

The UNION 4110 Cylinder Straight Cupboard Lock is a reliable, high-quality locking solution designed specifically for timber doors and cabinets. Featuring a robust 5-pin cylinder mechanism, this straight cupboard lock provides dependable security for home or office furniture, ensuring your personal belongings or confidential documents remain safe.

This reversible lock offers excellent versatility, making it suitable for both left and right-handed installations. It features a polished lacquered brass finish that blends seamlessly with traditional and modern wooden furniture. The lock comes complete with two keys as standard and operates on a keyed-to-differ system with up to 4,500 differs for enhanced security.

With a compact case size of 51mm width and 44.5mm height, a 23mm backset, and a 9mm bolt throw, the UNION 4110 is an ideal choice for retrofitting or new installations on wooden cupboards and cabinets up to 26.5mm thick.

## Brand Profile

Union

ASSA ABLOY

**UNION** is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

### What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
