Specification Summary

Brand Union

Product type Tubular

Product Description

The UNION Fastlatch Push Fit Tubular Latch is designed to make door hardware installation incredibly quick and simple. Engineered for both DIY enthusiasts and trade professionals, this innovative push-fit latch can be installed up to three times faster than a standard tubular latch. Its round shape and side ribs allow for a secure, screw-free faceplate installation, resulting in a clean, modern aesthetic.

To ensure a professional finish, each latch is supplied with a splinter guard to conceal rough timber cuts, along with two strike plates (a round strike for new frame preparations and a square strike for retrofitting). It features bolt-through fixing holes to securely mount sprung door furniture, reducing wear and tear over time. Rigorously tested to 800,000 cycles and backed by a 5-year guarantee, this latch offers exceptional durability and quiet operation.

This latch is available in multiple backsets, case depths, and high-quality finishes to suit your door's requirements. Please choose your preferred backset, case depth, and finish from the options below.

Technical Specifications

- **Brand:** UNION
- **Backset:** 45mm or 57mm (please select from the options below)
- **Case Depth:** 65mm or 70mm (please select from the options below)
- **Finish:** Polished Brass, Polished Chrome, or Satin Nickel (please select from the options below)
- **Forend Finish:** Polished Brass, Polished Chrome, or Polished Nickel (please select from the options below)
- **Spindle Size:** 8mm
- **Handing:** Reversible
- **Bolt Centres:** 13mm
- **Fixing:** Bolt-through
- **Mechanism:** Latch only
- **Weight:** 141g or 160g (depending on size selected)
- **Guarantee:** 5 Years

Key Features

- **Fast Installation:** Push-fit design is up to three times faster to install than standard tubular latches, requiring minimal skill.
- **Sleek Aesthetics:** Round shape and side ribs allow for a secure fit with no visible faceplate screws.
- **Quiet Operation:** Features a nylon latch bolt for smooth and quiet closing.
- **Professional Finish:** Supplied with a splinter guard to cover rough timber cuts.
- **Versatile Fitting:** Includes both a round strike plate (for new frames) and a square corner strike plate (for retrofitting).
- **Secure Mounting:** Bolt-through fixing holes ensure a secure fit for sprung door furniture, reducing wear and tear.
- **Highly Durable:** Performance tested to 800,000 cycles and backed by a 5-year manufacturer's guarantee.

Brand Profile

Union

ASSA ABLOY

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
