Product Description

The UNION J1448 Black Rim Keep is a robust and reliable replacement rim staple designed specifically to suit the popular Union 1448 lever rim lock. Finished in a classic black enamel, this keep ensures a seamless aesthetic match with your existing lock casing, maintaining the traditional look of your door hardware.

Constructed from durable steel, this keep provides a secure housing for both the latch bolt and deadbolt of the Union 1448 lock, ensuring reliable locking performance on inward-opening doors. With a compact profile measuring 74mm in height, 22mm in width, and 25mm in depth, it is easy to install and offers a neat, flush fit against the door frame. Whether you are replacing a worn-out component or completing a new installation, this genuine Union accessory delivers the strength and durability you expect from a leading security brand.

Technical Specifications

- **Brand:** Union
- **Manufacturer Reference:** J1448-9
- **Finish:** Black
- **Height:** 74mm
- **Width:** 22mm
- **Depth:** 25mm

Brand Profile

Union

ASSA ABLOY

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
