Specification Summary

Brand	Union
Product type	5 Lever

Product Description

The UNION J2105 StrongBOLT 5 Lever Deadlock is a robust and reliable mortice lock designed for timber doors. Ideal for internal doors or external doors where British Standard approval is not a requirement, this lock offers excellent security and ease of installation.

Featuring a square faceplate and a radius inner forend, the J2105 is designed to fit standard UK mortices with minimal carpentry, reducing the risk of spoiling the door edge. The 20mm deadbolt provides secure, positive deadlocking and is highly resistant to picking, sawing, and force.

This versatile deadlock is available in a choice of 45mm or 57mm backsets (corresponding to 64mm or 75mm case depths) and can be ordered in either a Polished Brass or Stainless Steel finish. You can also choose between Boxed or Visi packaging options. Please select your required specifications from the options below.

Technical Specifications

- **Brand:** Union
- **Mechanism:** 5 Lever
- **Backset:** 45mm or 57mm (please select below)
- **Case Depth:** 64mm or 75mm (please select below)
- **Case Height:** 89mm
- **Forend Dimensions:** 168mm (L) x 26mm (W)
- **Bolt Throw:** 20mm
- **Finishes:** Polished Brass or Stainless Steel (please select below)
- **Handing:** Reversible
- **Keying:** Keyed to differ
- **Fire Tested:** Suitable for 1-hour timber fire doors
- **Standards:** CE Marked, Certifire approved
- **Weight:** 575g or 625g (depending on size)
- **Guarantee:** 10 years

Key Features

- **Easy Installation:** Square faceplate and radius inner forend allow for quick fitting into standard UK mortices with minimal carpentry.
- **Attack Resistant:** Chamfered 20mm deadbolt provides excellent protection against picking, sawing, and force.
- **Fire Door Approved:** CE marked and Certifire approved for use on 1-hour timber fire doors.
- **Customisable Options:** Choose from multiple backsets, finishes, and packaging options below to suit your specific requirements.
- **10-Year Guarantee:** Built to last and backed by a 10-year manufacturer's warranty.

Brand Profile

Union

ASSA ABLOY

UNION is one of the big heritage names in **British-designed locks and door hardware**, with roots going back to **1840** in **Willenhall** (aka the Black Country's lockmaking mothership). What started as a family business grew into a widely specified brand for everything that "goes on a door," and UNION still leans hard into that *made-for-the-trade, won't-let-you-down* identity.

Today, UNION sits inside **ASSA ABLOY Opening Solutions UK & Ireland**, and the brand acts like a hub for a wider family of door-hardware ranges. In recent years, brands like **Exidor** (panic/exit hardware), plus **Dale Hardware** and **Excel Architectural Hardware**, were brought into the broader "UNION family" after ASSA ABLOY acquisitions. It's basically the Avengers, but instead of saving the universe they just make sure fire exits actually work at 3am.

What UNION is known for:

- A huge spread of **locks and cylinders** (mortice locks, euro cylinders, padlocks, etc.)
- The broader architectural hardware ecosystem: **door controls, exit hardware, hinges, handles, accessories**, and spec/support tooling aimed at installers and ironmongers
- A strong UK trade presence and long distributor relationships (Aldridge even called out a **60-year partnership** publicly).
