Specification Summary

Brand	Yale
Product type	Straight

Product Description

The Yale 076S is a high-quality cylinder straight cupboard springlock, designed to provide reliable security for cupboards, cabinets, and wardrobes. Featuring a springbolt action, this straight cupboard lock is ideal for timber doors and drawers with a maximum material thickness of 19mm.

Please note that this lock is handed and is **not reversible**. It is available in both Left Hand (LH) and Right Hand (RH) configurations, each associated with a unique barcode. Please select your required handing and barcode from the options below when ordering to ensure correct fitment.

The lock is supplied keyed to differ on the SX key section and comes complete with two keys, a matching cylinder rose, a strike plate, and all necessary fixing screws for a straightforward installation.

Brand Profile

Yale

Yale is one of the most recognisable names in locks and home security — the kind of brand that's become so default it's basically a synonym for "lock" in a lot of people's heads. The story starts with **Linus Yale** and the invention/development of the **pin-tumbler** concept that underpins a huge chunk of modern lock design, then scales into mass manufacturing and global distribution through the industrial era.

Today, Yale sits in an interesting split-brain reality:

- **Outside the US & Canada, Yale is an ASSA ABLOY brand**, and Yale's own regional "About" pages explicitly state the brand was purchased by ASSA ABLOY in **August 2000**.
- **In the US & Canada**, the **Yale and August** brands were sold off as part of antitrust remedies tied to ASSA ABLOY's Spectrum acquisition; Reuters and The Verge both describe Yale being retained by ASSA ABLOY outside North America, while the US/Canada Yale brand moved to **Fortune Brands Innovations**.

Product-wise, Yale spans the whole spectrum from **classic mechanical cylinders and door hardware** through to **smart locks and connected access** under the Yale Home umbrella. A key modern milestone was ASSA ABLOY's acquisition of **August Home** (completed in **December 2017**), which fed into the broader "smart access" push around app-based entry and connected ecosystems.
